To Whom It May Concern:

This letter is in response to the Commission's letter we received regarding the above referenced report. Please see below for our complete response.

We discovered a duplicate entry in our database for Michael Meadows. There was contribution activity in each record. Upon discovery, we merged the two records. The change in the ECTD was due to the duplicate we found and the subsequent merge. After the merge we realized that he had exceeded his contribution limit. We were still within the legal timeframe to address the excessive contribution and we did just that. We reattributed the excessive portion to his spouse and now both are within their limits. These changes will be properly reported on the Committee's first quarter report.

We trust this response is sufficient and completes the public record. If you need anything further, please do not hesitate to contact us.

Thank you,
